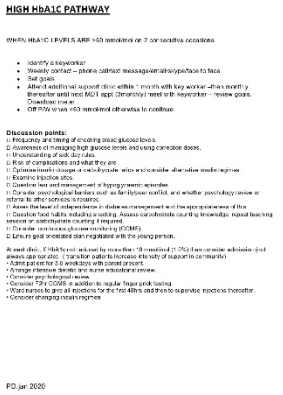
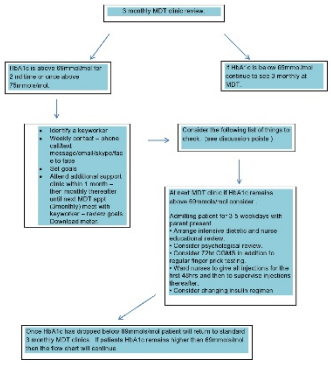
Consultants: Dr Bagewadi, Dr Frerichs, Dr Mukherjee, Dr Zamir, Dr Roy. PDSN: Peter Doyle, Sophie Core, Joanne Hall, Sherilyn Porter-Wood, Kirstin Williams, Amanda Cainer, Zaira Hussain, Charlotte Caffrey. Dietitians: Claire Gurry, Dene Hunsdale, Debbie Lawford, Catherine Shortfall. Secretary/Admin: Carol Andrews

OUR QI JOURNEY

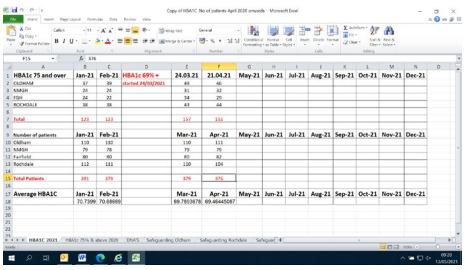


HIGH HbA1C PATHWAY

PD Jan 2020

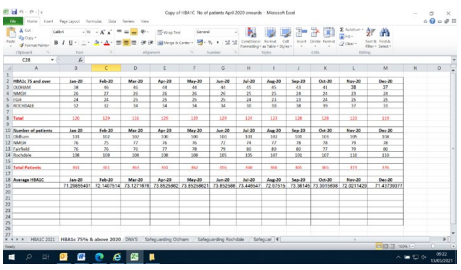


OUTCOME DATA/MONITORING



NMGH- Contacts

HBA1C	Number of patients	Number of contacts	Expected contacts	% Expected
69-80	14	15	28	53%
81-97	9	11	20	55%
≥98	7	10	26	38%
Total	30	35	72	48%



WORK IN PROGRESS

1.Target patients highlighted and rag rated.

2. All patients informed of policy and action plan.

3 All PDSN reviews list weekly.

4. Weekly Nurse and Dietitian review clinics

5. Monthly team meeting to review progress.

6. Data collection on Hba1c levels and frequency of contact.

7. Encourage all patients to upload data from home each week.

8. Use of DIGIBETE to encourage improvement in knowledge.

9. Increased uptake of technology, more data for patient reviews

10. Virtual training sessions during pandemic, Carb counting etc

FUTURE PLANS

1. To Present data to senior managers,
2. To continue to develop the High Hba1c policy to ensure it remain effective.
3. To look for further QI projects that will continue to enhance the service.
