

Improving Technology Communication

Y Davies, S Southgate, K Gunning, M Davies, S Griffiths, A Martin, J Jeremy, J Ambrose, K Crossman, A Squires, S Lynn, S Fountain-Polley

Our Purpose:

Equipping CYP and their carers to manage diabetes in their journey through life, promoting long-term physical, mental, and emotional health – for this project, assessing communication through use of technology

Driver Diagram

Outcome Data

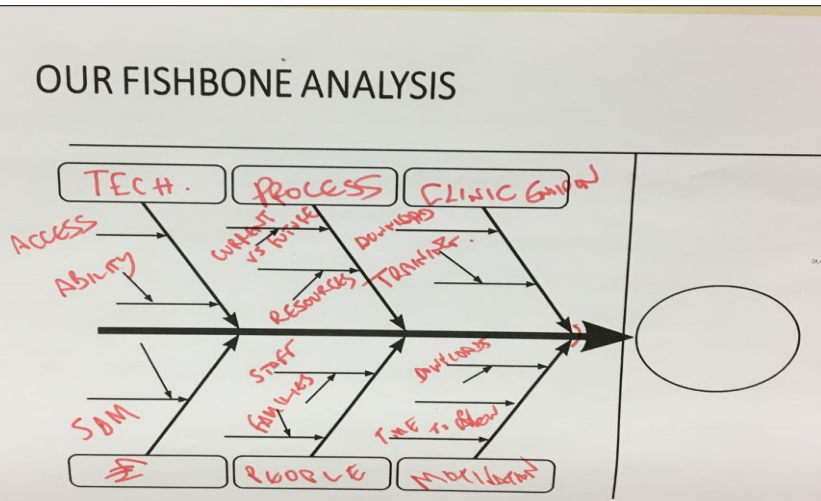

Majority had software and hardware
 BUT converting that to uploading difficult

Qualitative Feedback from Families/Colleagues

Need support to leap to uploading

Fishbone Analysis

Bright Spots

Coming together during pandemic

Further Actions

Continue practical support
 Development of referral process for psychology on ladder
